NAZI WAR CRIMES DISCLOSURE ACT  
DATE 2007

1. In reply to a query of ☐ ☐ regarding the non-existence of a project outline for JBFANCY, the following information is submitted.

2. JBFANCY was activated by the German Station under the original project UNPIRE. JBFANCY was subsequently transferred to and continued under the EDUCATOR Project, and subsequently under Project 2B-2-QEDMON, which falls specifically under paragraph B-2 (b) of the outline plan for QEDMON.

3. No project outline has been or is required for JBFANCY for the following reasons:

a. It has required no separate allocation of funds since it is covered by the QEDMON budget; and

b. Paragraph G-4 of QEDMON states that while "individual items of propaganda will be cleared with the home office before editorial production, such clearance will generally be obtained by cabling the home office a concise description of the general content and purpose of the propaganda". This was effected in dispatch ME-A-74 under date of 14 February 1949.
